Office Action Summary

Art Unit: 1761

1. Claims 7-11, 16 and 17 stand withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on July 2, 2004.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 12-15 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Leu (5,415,883), Halden et al (5,158,794), Katayama et al (EP 0,743,011, embodiment 24) or Sun et al (Chinese abstract No. 1102309 or XP –002154977). Each reference discloses a cooked pork or poultry product including wine, salt, flavor and sugar.

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 13 and 15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claimed 13 is indefinite as to scope in reciting a genus (poultry legs) and species thereof (turkey or chicken legs) in a single claim. Claim 15 is indefinite since it is not clear what is intended by “it “ or “other ingredients of a conventional pickling solution”. Corrections are required without new matter.
